

## FAQ'S

---

### **CAN WE LEAVE OUR POOL MIRRORS IN THE POOL?**

We recommend removing the Pool Mirror from the pool every day. Do not leave it in the pool overnight. After each use, rinse the Pool Mirror with fresh water (non-chlorinated) then pat dry with a towel or soft cloth. Store the Pool Mirror on a flat surface, or in an upright secure location to retain its shape.

### **HOW MANY POOL MIRRORS SHOULD WE USE IN A LANE?**

We suggest a minimum of three mirrors to view the entire stroke cycle.
